Certification of Competency in the English Language

To whom it may concern,

I hereby confirm that Tom Alexander Brauns took part in my English course for students in the faculty of Computer Sciences at the Hochschule Worms during the summer semester of 2023.

The course includes all the oral and written skills needed by Computer Sciences students and is primarily intended as preparation for study abroad. This course is on the B2/C1 level. In the final examination, the students are examined on

- linguistic accuracy in English for Specific Purposes (information technology),
- general, business and information technology vocabulary,
- reading comprehension in the field of information technology,
- oral and written expression in the field of information technology.

In this examination, the student achieved the mark: A excellent.

Furthermore, Tom Alexander Brauns took part in additional B2 and C1 placement tests in which he was examined on

- grammar and language use,
- vocabulary,
- reading comprehension,
- essay writing.

In the final C1 placement test, he achieved the mark: B good.

Should you have any questions, please do not hesitate to contact me.

Yours sincerely,

Michael Derek Werle-Rutter

Lecturer for English as a Foreign Language and for Research and Study Skills
